

1. Line 588 through 595:

588 Administration and scheduled by the Drug Enforcement Administration in
 589 Schedule V of the federal Controlled Substances Act, Title II, P.L. 91-513.
 590 (iii) Gabapentin.
 591 (3) As used in this subsection, "pharmaceutical composition" means a drug
 591a that has United States Food and Drug Administration approval under 21 U.S.C. Sec.
 591b 355 following clinical trials.
 591c (b) If the federal government schedules [the] a pharmaceutical
 591d composition of a Schedule I
 592 controlled substance or [the] a pharmaceutical composition of any form
 592a of a Schedule I
 593 controlled substance in a schedule that is not Schedule I, that pharmaceutical
 593a composition is deemed
 594 scheduled under this section in the same schedule that the pharmaceutical
 594a composition is scheduled
 595 under 21 U.S.C. Sec. 812 and 21 C.F.R. Part 1308.
